Vote Is Thumping 392-30

House Passes JFK Unemployment Bill

WASHINGTON (AP)—A thumping 392-30 House vote on the billion dollar emergency unemployment aid bill has gotten President Kennedy's antirecession program off to a good start in Congress.

Sen. Harry F. Byrd, D-Va., said today his finance committee will conduct a hearing on the bill next week, probably Tuesday or Wednesday.

Democrats would like to get the measure to the White House by mid-March so unemployed Americans who have exhausted jobless insurance benefits can start receiving the extra payments by April 1.

Byrd said he did not expect lengthy hearings or any serious opposition to the measure on the Senate side.

The emergency unemployment legislation has more bipartisan support than any of Kennedy's economic proposals, however. Thus its big House vote was no signal that other measures will slide through so easily.

Congressional committees continue work today on other more controversial administration bills.

The House Labor Committee begins its closed-door work on minimum wage legislation, planning to report out a bill some time next week. The subcommittee which conducted the hearings approved its version Tuesday.

The unemployment aid bill breezed through the House Wednesday with support of 248 Democrats and 144 Republicans.

Opposing it were 28 Republicans and 2 Democrats.

The administration estimates as many as 3 million unemployed who have exhausted or will exhaust their jobless insurance benefits may receive help under the program.

They would get a maximum of 13 extra weeks of payments, and

Castro Sounds Out Venezuela To Help Mend U.S. Split

HAVANA (AP)—Fidel Castro reportedly was sounding out Venezuela today to help solve Cuban-United States differences as a fifth nation in the Americas severed relations with his revolutionary government.

The Venezuelan foreign ministry said in Caracas Wednesday it had received a note from Havana asking for efforts toward a solution. Sources said the note amounted to a Cuban request for conciliation — but outside the Organization of American States.

At the same time El Salvador broke off relations with Cuba in protest against a vigorous campaign in Havana against the "junta" that rules the little Central American country.

The Salvadoran ambassador to Cuba was recalled in mid-January and never returned here. The Cuban ambassador to El Salvador has now been asked to leave there as soon as he can.

The United States, Guatemala, Peru and the Dominican Republic previously cut official relations with Cuba. Four other nations—Haiti, Nicaragua, Paraguay and Colombia—have pulled their ambassadors out of Cuba.

In seeking Venezuela as a conciliator for its rift with the United States, Cuba chose a nation that believes in working with OAS—not outside the organization.

Congo Troops Kill 44 Civilians

Soldiers Run Wild Through Luluabourg

LEOPOLDVILLE, the Congo (AP)—Rampaging Congolese soldiers killed 44 civilians in bitter street fighting at Luluabourg, the United Nations reported today.

The troops ran wild through the town after three of their comrades had been killed and three wounded by a pro-Lumumbist mob.

The violence boiled over in the aftermath of last week's takeover of the capital of Kasai Province by Lumumbist troops from Stanleyville. These troops pulled out two days ago and left the town in a ferment.

Luluabourg, 400 miles east of Leopoldville, was the scene of tribal clashes in the days just after the Congo gained independence from Belgium last summer.

The United Nations reported that after the battle Wednesday some 1,000 civilians sought U. N. protection.

Luluabourg, though officially within the orbit of the Leopoldville regime, is heavily populated by ardent tribal followers of the late Patrice Lumumba.

A U. N. spokesman said the trouble started Tuesday night when a yelling mob demonstrated to demand the release of an officer called Col. Mulumba.

Mulumba was arrested by his own troops for showing pro-Lumumbist sympathies during the takeover.

The mob shot three of the soldiers.

There was no immediate report of any Europeans among the dead. Figures for injured were not known at U. N. headquarters.

The fighting raged through most of Wednesday but the U. N. reported that by 8 a. m. the town was quiet again.

The 1,000-strong contingent of U. N. Ghanaian troops in Luluabourg took no part in the fighting.

After the fighting in Luluabourg, Ghanaian and Congolese troops joined forces to set up roadblocks and seal off the native township of Ndesha.

Trucks passing through the checkpoints were searched for illegal arms.

U. N. and Congolese officers later held what was described as a cordial conference on means of maintaining order. As a result, Congolese troops now are helping the Ghanaian forces to patrol the town.

In Leopoldville, the United Nations ordered its soldiers today never to surrender their arms and to open fire on anyone who tries to make them.

Reliable sources said the order went out to all U. N. forces around the capital. It followed a number of incidents in which Congolese soldiers arrested and disarmed U. N. troops.

Don't Dig In Streets, Service Director Warns

Salem Service Director James Feiler announced today that anyone caught digging up city streets, sidewalks or other property will be arrested and fined as stipulated by city ordinance.

Four cases of unlawful digging of city property have been discovered recently, Feiler said, but officials have been unable to catch the offenders.

Parents Charged With Murder

Gypsy Life Results In Death For Couple's Five Children

Editor's Note—More than 2½ years ago eight members of the Dudley family set out from up-state New York to make a living "on the road." Today, the parents are in jail and five of their children are dead. This account by Ed Young traces the trail of tragedy from coast to coast.

By ED YOUNG

RICHMOND, Va. (AP)—In the summer of 1938 Kenneth Dudley, his wife, Irene, and six of their children left Syracuse, N.Y., in a battered sedan. They headed south to join a carnival.

Dudley—a sometime mechanic, junk dealer and odd-jobs worker—hoped to repair midway rides. His wife, when she could get the job, would sell tickets.

But the gypsy journey became for the Dudley youngsters a nightmare of hunger, horror and death.

Five of them died before the family's continent-spanning wanderings ended Feb. 10 with the

parents' arrest for neglect leading to the death of the fifth child, Carol Ann, 7.

Charged With Murder

Wednesday the charge became more serious. Hanover County, Va., where police say Carol Ann died of malnutrition, exposure and neglect, issued warrants charging Dudley, 47, and his wife, 44, with murder.

Carol Ann's emaciated body, wrapped in an old blue blanket, was discovered Feb. 9 in woods just off U.S. 1 near Lawrenceville in southside Virginia. She died, according to police, Feb. 1 or 2 and was kept in the back seat of the Dudley's dilapidated car until her body was placed in the woods by her mother Feb. 6.

But, said a State Police investigator, E. M. Lloyd, the poverty, hunger and death had started long before Carol Ann's demise—in fact only four months after

the Dudleys left Syracuse with the six children.

Statements by Dudley and police investigation, Lloyd said, have showed this is what happened:

Near Baldwin, Fla., on Nov. 17, 1958, death claimed the first of the youngsters, Claude, then 3. His body was wrapped in a blanket and deposited in an abandoned mine pit Nov. 18 or 19 near Lakeland, Fla.

The Dudleys, now carrying their family around in an old panel truck for which they had swapped the sedan, were heading east from California in December 1959, when two other children died.

Norman, 10, died Dec. 23 in Phoenix, Ariz.; Charles, 8, two days later—Christmas Day—in the same city.

Parley May Result In End of War

Algerians Accept DeGaulle Talks Bid

RABAT, Morocco (AP)—The Algerian rebels today accepted French President Charles de Gaulle's bid for peace talks to end the long and costly Algerian war. Direct negotiations appeared imminent.

The rebels insisted on their goal in the 6½-year war: Independence from France. They softened it somewhat by saying that Morocco, Tunisia and Algeria are planning to join in a loose federation retaining friendly ties with Paris.

The rebel announcement came in a joint communique issued after talks here between the Algerian nationalist leaders and their two neighbors and supporters, Tunisia and Morocco. Rebel Premier Ferhat Abbas conferred with King Hassan II of Morocco and President Habib Bourguiba of Tunisia until just before dawn.

Bourguiba had come directly from Paris bearing a new offer for talks from De Gaulle.

French Information Officer Louis Terrenoire disclosed in Paris that De Gaulle told Bourguiba France is no longer insisting that the rebels lay down their arms before negotiations take place. A cease-fire would have robbed the Algerian nationalists of their main political weapon, which is the war itself.

The two sides see the negotiations differently. The rebels want to talk only about independence, De Gaulle, Terrenoire said, wants to discuss "the conditions for self-determination."

By this he meant the De Gaulle plan for letting Algeria decide its own political future through free elections. Independence from France is one of the choices De Gaulle has outlined.

The key portion of the North African leaders' communique said: "Considering the recent developments of the Algerian problem, the three chiefs of state esteem that there ought to be no further obstacles to the opening of direct

Bandits Fire Blast In Ceiling As Warning

Trio Escapes With \$75; Spurns Jewelry Worn by Victims

Six persons were bound and robbed by three shotgun-wielding bandits at the North Georgetown American Legion Post at Lake Placentia Wednesday night. The trio escaped with \$75.

The victims, members of the Legion post and Auxiliary, said two of the bandits, who wore masks, entered at 11:40 p.m. as the group was preparing to leave after cleaning up the kitchen following a meeting.

One of the holdup men fired a blast through the roof of the kitchen as a warning, they said.

The victims were ordered to lie on the floor, after which they were bound by the pair who relieved them of their wallets and purses.

The bandits, who spurned the jewelry worn by the group, said they needed money for food for their children.

The victims were Mr. and Mrs. Floyd Sanor, Olan Sanor, Robert Hahn, Mrs. Roy Sanor and Mrs. Delmar Sanor. They were tied with clothes line brought by the bandits.

Constable Merrill Hardy of Knox Township, summoned at about 12:30 a.m. by the victims after they were able to free themselves, said none of the group saw the third bandit who remained in the other room.

However, they heard him talk with the other pair, he said.

Prior to leaving, the bandits warned the victims not to move as they would be watched for a time. The group said they remained still for a period because they heard footsteps after the holdup men went out of the kitchen.

The bandits seen by the victims were described as being about 5 feet, 10 inches tall and weighing 150 pounds. Constable Hardy notified the Columbiana County sheriff's department at 2 a.m.

The victims said they didn't see

Worse Pain for Couple Shot by Son

LOS ANGELES (AP)—"I don't know how it could happen. This is my son. This is little Terry, my son, my son!"

Harry J. Wiggins, 42, stared at the ceiling in Queen of Angels Hospital Wednesday, where he is under treatment for bullet wounds in his left wrist and hip.

He was shot by his son, Terry, 15, Wiggins was at a loss to explain it all.

In another part of the hospital was Wiggins' wife, Florence, 36 — Terry's stepmother. She was hit in the wrist, abdomen, hip, and twice in the back by her stepson's bullets.

Police say the teen-ager ambushed the two adults Tuesday night in the garage of their upper middle-class home in suburban Van Nuys, wounding both with a fusillade from a 22-caliber revolver.

"This is like living a dream — a nightmare," the father said. "I've just got to wake up and find out it isn't a dream." He added: "We were a happy family."

Mrs. Wiggins sent her husband a message via a nurse.

"Tell him I'm all right," she said. "Tell him that Terry is still our son and we still love him. If he needs help, we must help him."

Wiggins received the message tearfully.

Division Head Speaks At Columbiana

More Right-of-Way For Highway Being Bought

COLUMBIANA — William McKenna, deputy director for Division 11 of the State Highway Department, told a joint meeting of the Columbiana Women's and Men's Democratic Clubs this week that the state is now in process of purchasing right-of-way for the second county section of the Lake-to-River Freeway.

He also outlined other area road improvements on his schedule.

The first county leg of the north-south super-road now is under construction inside East Liverpool. The second leg will extend northwest about two miles from the city's northern limits to the intersection of County Road 424 with Route 30-7.

McKenna also said that Route 46 will be widened and resurfaced between New Waterford village and Route 7. A section of Route 46 east of the village now is being relocated to eliminate curves and a narrow bridge.

The director said truck lanes will be constructed either this year or next on the Millville Hill Route 14 east of Salem and on Rogers Hill (Route 7).

He said Route 14 will be resurfaced this year from the junction with Route 46 on the north side of the village east to the Pennsylvania state line.

In discussing Ohio's highway needs generally, McKenna pointed out the advantages of a modern road system, particularly the safety features, the time-saving benefits and the driving pleasure such a system affords the motoring public.

He complimented G. A. Zellers of Columbiana, county supervisor of maintenance for state highways, and his crews for their excellent job in complying with roads' policy.

Grant Bevington, village Democratic chairman, introduced local candidates for the fall election. Louis Kramer, president of

The Doctor Says

By Dr. H. T. HYMAN

Alternate Cortone and ACTH Treatments

I've been asked two important questions about drugs that are frequently administered.

"I am an asthmatic," writes an Arizonan, "and I have been taking cortone tablets for 3½ years. My doctor died and I've just gone to a new doctor who ordered me to stop taking my tablets."

"According to him, it would be harmful for me to continue taking these tablets, which have helped me a lot, until I'd had shots of ACTH which he

Dr. H. T. Hyman, now giving me. I spoke to a neighbor about the change and she says there's

no difference between the tablets and the shots. Is this so?"

THE ANSWER IS YES, and no. Let me explain what your new doctor is doing, quite correctly. The effects of both preparations are the same, as your neighbor maintained. But the manner of their action is different.

The cortone tablets produce their effects through a process of substitution. They do for you what your adrenal gland would do if it were functioning perfectly. They're like a wheel chair that might take you where you wanted to go if you weren't able to walk.

On the other hand the ACTH (Adreno-Cortico-Trophic Hormone) actually stimulates your very own gland to increase its output of the substance you need. Instead of taking the wheel chair where you want to go, it makes you walk there.

Now, if you use the wheel chair tablets too long, you weaken your gland to a point where it is unable to function at all. And if you apply too much stimulus to the gland with the ACTH current, you may cause it to collapse from sheer exhaustion.

THAT'S WHY an experienced physician, like your new doctor, likes to alternate the two methods of accomplishing the same ends.

You ride a bit in the wheel chair, and then you walk a bit. So that you avoid both dangers: That of weakness, from disuse. And of exhaustion, from overwork.

"Is it a fact that tranquilizers often cause shaking palsy?" asks a troubled wife whose husband has been so afflicted.

I'M AFRAID SO. Indeed, so many tranquilized patients are now experiencing the manifestations of shaking palsy (Parkinson's disease) that a prominent drug manufacturer is featuring a new drug whose principal effect is to control the symptoms of what is now called drug-induced Parkinsonism.

These symptoms include muscle weakness, mental listlessness, emotional flatness, speech and writing difficulties and, eventually, the pill-rolling tremor of the fingers that's so characteristic of the disturbance.

Since the director of the Delaware State Hospital estimates "frequency rates of from 50 to 90 per cent" for drug-induced manifestations of Parkinsonism, after three to six months of treatment, it would seem high time to discontinue the use of tranquilizers for minor disturbances such as mere restlessness, nervousness and emotional instability that might be better treated through the exercise of self-discipline.

Each According to His Profit

President Kennedy has grabbed a truck by the tailgate.
This makes holding a bear by the tail or a bull by the horns seem like child's play.

The trucking industry will not like his proposal to bail out the federal interstate highway program with \$300 million in new taxes on heavy rigs and their equipment.

Motorists in general will not like his idea of gasoline, either, but motorists in general are nothing to worry about. They have no organization that represents all of them. Whenever it summons down to a choice between taxing them and taxing the trucking industry motorists in general can kiss their crannies goodbye. The trucking industry knows how to take care of itself.

Railroads in their best days were never more powerful than the truckers, and in a way no one can criticize the truckers. They have seen what happened to the railroads when they lost their fighting edge. Today they are begging for government loans and concessions to keep them from being run out of existence by government-subsidized competitors.

BOTH TRUCKERS and airlines are subsidized. Their costliest facilities are built with public funds. They pay taxes on income, but they do not pay taxes on vast spreads of real estate as railroads do.

Neither do they bear the staggering cost

of maintaining airports and highways. They pay fees, which amounts to sharing the cost with all the nonprofit users of the same facilities. And they do not have to put away money to replace depreciating landing strips and road beds.

The trucking industry has no intention of changing this happy arrangement if it can be helped. Neither does the aviation industry. Both have stolen a march on the railroads, and they do not expect ever to lose their advantage.

President Kennedy's warning that he would like to clip them for an extra \$300 million to bail out the interstate highway program, while continuing to collect the limit from all nonprofit users of highways, will cause the trucks to go into violent action. The rest of us, for the most part, will grin and bear it, telling ourselves that the only way to have super-highways is to pay for them, no matter how much it hurts.

THIS IS NOT the philosophy of the only Americans who make a profit by hauling freight on public roads. They do not aim to be hurt any more than is unavoidable.

They can't be blamed for fighting, but it must be conceded at the outset of their fight with President Kennedy that his bold move in grabbing a truck by the tailgate is a workout that will make touch football seem like an exercise for sissies.

Kindly Send Reply to Bearer

It has been duly reported from the White House that President Kennedy has sent a hopeful message to Premier Khrushchev by Llewellyn Thompson, U.S. ambassador to the Soviet Union.

The message informs the Soviet premier, according to the White House, that Ambassador Thompson has the full confidence of President Kennedy, who will appreciate anything that the Russian government can do through the U.S. ambassador to make diplomatic relations easier.

The Soviet Union also is being informed

through Ambassador Thompson that he has posted his government in Washington on events up to date and will appreciate anything and everything the Russian government can do to show evidence of willingness to cooperate with him.

If the tone of this message means what most of us hope it means, Premier Khrushchev will have no more opportunities to scuttle summit conferences. Whatever he has to say that might be of interest he can say to the U.S. ambassador in Moscow. Whatever he wants to know, he can learn from the U.S. ambassador.

This is the oldest yet the newest idea in relations between governments. It is the essence of international diplomacy. It sets up a buffer between heads of state, to keep them from colliding with each other until everything has been agreed on in advance. Then and then only do the heads of states come on the scene to ratify what previously had been agreed on by professional diplomats.

Actually, all U. S. presidents would like to do it this way, but beginning with Franklin Roosevelt in wartime, when man-to-man diplomacy became commonplace, the idea has persisted that nothing can be done without personal confrontation. Premier Khrushchev has worked this angle like a billiard champion calling the shots to suit himself. If the game's over, he is the only one with anything to lose.

The Fight For Rt. 62

All Columbiana County communities are expected to support the Salem Chamber of Commerce's resolution-petition to have the state relocate U. S. Route 62 south of Salem.

If it goes north, as recommended by the State Highway Department's professional engineers, it will remove from this district—and the county completely—a highway vital to the area's future growth.

Many local organizations have pledged support to the Chamber's drive to keep Rt. 62 inside Columbiana County and this week's action of the Lisbon Village Council in endorsing the plan is expected to be repeated by councilmen in other towns and cities.

It would be a blow to Columbiana County if Rt. 62 were lost, but interested municipal, township and county officials and civic leaders don't intend to let it slip away without a good, hard fight.

By H. I. Phillips

raids and vilifying him as the tool of the colonial powers, who should be fired at once.

Well, the world has a close call and it would seem people everywhere, who have tried to hire help away from anybody else, should take warning from the obvious danger and keep the old hired hands around until the cold war disappears.

THERE MUST HAVE BEEN a time when Labor Secretary Goldberg felt he had been grounded in his fight to end air strike . . .

California boy of 15 killed his father and mother because he was irked by father's whistling. It is highly possible he had been watching TV and thought such an act a relatively minor offense.

Central Park Zoo sold hippopotamus because it was too big. What does it want? A "compact" hippo? Does it favor only a hippo that counts its calories and when offered a ton of hay, says "I'm on a diet. Could I have a lettuce and tomato sandwich?"

Corporation mergers are getting extra curious. Now the Bridgeport Brass Company is merging with National Distillers. Does this mean whiskey in a brass container? Can it usher in a new size metal sheet known as a "fifth"? It wouldn't surprise the public to hear that some big steel mill is merging with a cocktail mix producer.

President Kennedy's gusto and style are gripping country and he seems a combination bonus pitcher. TV star, political boy wonder, volunteer astronaut, and a Sir Galahad in Brooks Brothers clothing.

Small World, Isn't It?

Nostalgia And Mr Kennedy

By RAYMOND MOLEY

Once upon a time, when I had only 21 summers behind me, I was "superintendent" of a village school. That distinguished title on my stationery meant that I was supreme over three elementary teachers and that I taught all the classes in the ninth and tenth grade myself.

There was no overcrowding, and while we had no gymnasium, there were ample grounds for outdoor exercise, even in winter.

We had a bit of aid from the state of Ohio but mostly the budget was balanced by the taxpayers who elected a school board and kept an eye on the school.

One day the teacher of the first three grades told me about a little girl in her room whose deficient eyesight had been remedied by the widowed father. He made her wear glasses left behind by her deceased mother.

I told the teacher to send the girl home to stay until the father provided suitable glasses.

The irate father appealed to the school board and I appeared to defend my action. He did not claim inability to provide suitable glasses. He claimed that I was "arbitrary."

After a hearing which many villagers attended, the school board told the father to get suitable glasses or they would take legal action against him. He did,

and the girl resumed her education.

NO ONE dreamed that the little girl's eyes were a responsibility of the federal government. Uncle Sam was busy running the Post Office and installing Rural Free Delivery. But some fine students from that school went to college and into professional life.

Today, in 1961, as I was reading the message of the President of the United States, his phraseology brought back the memory of those dear old pastoral days:

"Our progress as a nation can be no swifter than our progress in education. . . . The human mind is our fundamental resource. . . . invest in human beings. . . . a successful educational system requires in proper balance . . . this investment will pay rich dividends in the years ahead. . . ." Etc.

These homespun truths awaken nostalgic memories. I used such obvious truths back then when I presented graduating classes to the president of the school board. He used them in conferring diplomas.

The minister from a neighboring town, when he made his commencement speech—Oh, no; he gave us something more fresh and inspiring for his five-dollar fee. But their reappearance now, accompanied by "the applause of listening senates" and spread through many columns of "The New York Times," shows how close the New Frontier has come to the past.

The President awakens dreams of those good years before we had so many people analyzing our problems. Those days when the country "just grewed," without a lot of economists figuring things in percentages, and when we little cared whether Russia was growing or not.

OF COURSE, up at Harvard there will be lifted eyebrows and mutters about "bokum." But Harvard is that way. Mr. Kennedy, however, goes back to an earlier era, when a Harvard professor who lived on Brattle Street said: "Life is real, life is earnest. . . ."

Mr. Kennedy the candidate was certainly a realist, and as President he is certainly finding that life is earnest.

What is really bokum is not the chief executive's substitution of platitudes for argument but his arithmetic.

He says we shall need 600,000 classrooms in the next 10 years. True, and there may be more. But the lowly school boards and states have, according to Secretary Ribicoff's Office of Education, built new classrooms over the past five years at the rate of 70,000 a year.

They will continue at that rate even though the rate of enrollment growth in the public schools will in the 1960s be half the growth of the 1950s.

Nobody, apparently, told the President about those figures. He says that there are 90,000 teachers who are still short of certification. That is only six per cent of the teaching force—not a bad figure considering the number of stenographers in the government who can't spell. But when the standards for certification were lower than now, a few years ago, 10 per cent of teachers were short of certification.

The arithmetic fails to justify spending about \$2.5 billion of federal money. But let us credit the President with having established the ringing truth that education is a good thing.

Khrushchev's Game

By DAVID LAWRENCE

Red Dictator Waging Strong Propaganda Drive

The Western governments are so preoccupied with what they want to get out of each other, diplomatically and otherwise, that they are missing a big opportunity. They are giving Nikita Khrushchev the stage as he sends letters and messages to 66 governments throughout the world in a deliberate effort either to wreck the United Nations or to make it subservient to his wishes.

On the surface the Moscow government has made it appear that the secretary general, Dag Hammarskjöld, is some sort of assassin who plotted or abetted the murder of Patrice Lumumba.

Actually, the Kremlin isn't very much interested in Mr. Hammarskjöld as an individual or as a functionary. What is sought is a means of replacing him with three co-equal members of the office of secretary general—each with a veto power.

One would be a Communist. In this way, the Soviets want to be able to block the General Assembly in the same way that they have managed to frustrate the Security Council.

For several days now, Khrushchev has gotten considerable space in the press and over the air waves as he has blazed away at Mr. Hammarskjöld.

Yet the Western governments seem to be indifferent to the fact that the Communist dictator is penetrating many parts of the world with his propaganda in his pose as defender of the freedom and independence of small nations.

No counterattack seems to be in the offing.

The Soviet government is the biggest colonial power in the world today and would not even let a U.N. mission of observation and inquiry into Hungary in 1957 and 1958 to find out what happened when the people there tried to set up their own government.

Maybe Khrushchev sees in the resolutions recently adopted—and supported by him—a means by which the U.N. some day will be passing resolutions to send into Hungary or some of the other colonial states in the Balkans an international army to preserve order or to insure free elections.

Maybe he wants the veto power to prevent anything being done by the U.N. to protect Eastern European intervention in the Congo by the U.N. to support the Communist-inspired regime which he has recognized as the "legal" government.

FOR THE MOMENT he is bent on getting control of the small African nations as he did the Balkan states.

The Soviet Union has been accused by implication, of course, of trying to wreck the United Nations if it can't control it. Adlai Stevenson the American ambassador to the U.N., said pointedly

on Jan. 27 at a press conference:

"Attacks on the secretary general are attacks on the institution itself. I should think that the small powers would rise as one in defense of the institution which is their best protection."

"The United Nations exists in order that no nation need be powerful in order to be independent and secure."

This is a doctrine that could be widely publicized throughout the smaller countries but the attacks on the U.N. by the Soviets are not confined merely to bitter criticism of the secretary general.

The Soviets recently engineered a conference of African nations at Casablanca and secured the withdrawal by them of their troop contingents in a move that seriously weakened the U.N. army in the Congo.

No condemnation, however, of this palpable case of treason against the U.N. has come from the principal Western governments. None has introduced a resolution calling for expulsion of the Soviet Union.

The Moscow government, moreover, is carrying on another form of sabotage by refusing to pay its allotted share of the expenses of the U.N. Thus in 1960 it cost \$218.3 million to operate the U.N. and its allied and associated agencies. Of this amount, the United States paid \$88.57 million while the Soviet Union paid only \$18.24 million.

There is an additional cost of about \$116.3 million a year for the U.N. operations in policing certain areas like the Congo, ordered by formal resolutions adopted in the general assembly, and for refugee and food programs.

SOVIET RUSSIA has refused to pay a dime toward these expenses, while the United States paid \$57.61 million for these in 1960.

The Soviet satellites in Eastern Europe—though each has a vote in the U.N.—have likewise ignored their share of the bill.

The Communist countries, for instance, have not paid a cent on the bill the U.N. has incurred in policing the Gaza Strip in order to preserve peace in the Middle East.

Usually when a club member fails to pay dues or assessments, he ceases to remain a member.

Meanwhile, the Soviets are spending considerable sums clandestinely arming certain revolutionary forces formerly led by Lumumba.

The Communist bloc in Africa headed by Nasser of the United Arab Republic, has given recognition to the government formed by pro-Lumumba forces, notwithstanding the fact that the U.N. Assembly by formal resolution has recognized a different government.

All in all, the Soviet premier is issuing his tirades and still is shipping munitions by ship and plane to thwart the U.N.

What seems puzzling is that the Western governments are letting Khrushchev get away with his game and are failing to take issue with him in the court of world opinion.

Rough On Dome-Heads

By TRUMAN TWILL

Every time the dome heads talk about automation and what a blessing it is that men don't have to work like beasts of burden any more, I get weak in the knees.

Automation is the same as mechanization, only more so, and the dome-heads always point to what happened when mechanization came along. All the beasts of burden displaced by the new machines that did things mechanically found jobs doing other things and everybody lived happily ever after.

Aside from the fact everybody did not live happily ever after there was no other catch to mechanization. It took place at a time when a working stiff whose job had been mechanized could go somewhere and hire out as a beast of burden again. Only statistically was he relieved of back-breaking toil.

But finally everything that could be mechanized to any good advantage was mechanized. The beast-of-burden jobs were all gone. Consequently, when the mechanized jobs were automated, throwing still more people out of gainful employment in profit enterprise, there was nowhere for them to go.

That's why there's now a high level of unemployment at a time when the country as a whole is living high on the hog. That's why honest dome-heads are warning that even if things go all right for the next few months there still will be an indigestible lump of unemployment stuck in the nation's throat.

There are a few people around who keep chucking reassurance that it will be the way it was when mechanization reduced the number of men needed for physical labor. But it isn't going to be that way at all. Mechanization meant work to make machines to do work, but automation doesn't even do that, because the devices that do the automating are not heavy equipment. They are delicate little gadgets attached to the mas-

sive machines that lightened men's toil, but they not only lighten toil. They get rid of men.

That's why I shudder when the dome-heads talk, because they do not understand that a human being is not a statistic. They babble on about theories of matching one set of figures against another set oblivious of the fact that a coal miner in West Virginia whose job vanished does not turn into a sugar-beet farmer in Idaho by pushing a button.

He and his family are rooted. They have friends and property to bind them to the place where they learned to think and live like the dome-heads who theorize about them. It's as easy to shoot off your mouth one place as another, but when you've lived your whole life in one place and your job disappears because you're stuck.

The dome-heads can rattle their electric calculators and make the eyes blink on their thinking machines until it sounds and looks like an explosion in a fireworks factory and nothing is going to change the fact that human beings are not interchangeable parts that they are not statistics; that they are sorry it isn't profitable to have them around but they're double-gosh-darned if they know what to do about it, short of dropping dead in order to make dome-heads look like geniuses.

Inside Labor By Victor Riesel

There are secretly shot movies and still photos of the mob at its galas throughout the Midwest. This celluloid evidence of the night doings of the crime syndicate's affluent society is in the files of some police departments and regional federal enforcement headquarters. It all makes a grim picture of the business as usual—and the gaily as usual—of the underworld as it openly parks its limousines and makes the party rounds, despite years of exposure and official probes.

This is the cream of the criminal combine which reaches into industrial rackets as well as narcotics and gambling. This is the combine which Attorney General Robert Kennedy and his brother, the President, thought they could crack by creating a National Crime Commission. Now the Kennedys have changed their minds. They will not create

a new super federal anti-crime board. It is reported they will ask Senators Kefauver and McClellan to stop pushing such a proposal in Congress.

Thus there now is unanimity of opinion among the President, the attorney general and J. Edgar Hoover, whose FBI data has it that it costs the United States some \$22 billion annually to fight crime and the criminal cartels.

IT SEEMS quite logical to assume that these three men discussed the National Crime Commission proposals when they talked in the White House last Thursday morning.

The Kennedys, who have been publicly committed to a new national crime unit, changed their minds because they believed this might develop into a garroting of civil liberties.

An independent crime commission, created by Congress, would have the powers of a Securities Exchange Commission, an Interstate Commerce Commission, or a Federal Communications Commission. Such a unit would not answer to any Cabinet member. It would be responsible only to the President.

It would have the authority to subpoena and probe but not the duty to prosecute.

It could, if created, put businessmen, civic leaders and union chiefs on the witness stand and indict them in the public mind without the evidence needed to prosecute in a court. It would be a super-commission with the power to hold endless hearings.

ITS THREAT would be in its permanency.

So Bob Kennedy, with the warm support of J. Edgar Hoover, has done a reverse Frankenstein.

He has killed off the monster before putting life into it. Instead the attorney general—reportedly after talks with the President—is placing in the Organized Crime

and Racketeering Section all the functions of the proposed National Crime Commission. This must mean heavy reinforcement of the unit.

A "section" is away down on the chain of command inside the Justice Department. It will need considerable new staffing if it is to set up machinery to keep tabs on some five thousand high-echelon hoods—an arbitrary figure but a conservative one.

Although this unit is a section of the Criminal Division, Bob Kennedy is expected to cut through channels and help run it himself. Thus quietly he has held a series of personal meetings with the chiefs and top field staffs of enforcement agencies in other departments to coordinate them with the work of his own organized crime section. This is as unprecedented as free samples at the mint.

NO LONGER is there just a letter from one Cabinet member asking for cooperation from another.

Bob Kennedy now dashes over to, say, the treasury for a talk with the head of the Internal Revenue Service and some of the IRS top agents, or the enforcement chiefs from "outside" justice come over to his office.

Thus by the time he will have finished his series of off-the-record conferences, he will have sat with such internationally famed enforcers—and their staffs—as Harry Anslinger, chief of the Federal Narcotics Bureau, V. E. Baughman, head of the Secret Service, and Secretary of Labor Arthur Goldberg and his compliance division chiefs.

All this will take time. It won't be until next year that this machinery of Bob Kennedy's will run head on into the mob's apparatus. Then there will be a loud noise, with the toughs doing all the anguished shouting.

Massillon

(Continued From Page One)

1955, the patients' fund has been continually subject to errors and actual falsification of records."

They said Miss Harris told them her accounts were "on occasion out of balance," but that she managed to make corrections. Further investigation, the examiners said, disclosed the use of fictitious card accounts.

At the close of the examination, the examiners made a finding of \$150.07 in favor of the patient fund and against Miss Harris and her bonding company. The report said Miss Harris, who had been associated with the hospital for 12 years, married last July and is living in Cleveland.

The examiners gave as another example of "loose handling" of the patient fund, a robbery of the business office Nov. 8, 1956. They said Mrs. Schaffer failed to lock the vault and the next morning the disappearance of \$706 in currency was reported.

While the Highway Patrol report said there was no "break-in" the case has not been closed, the examiners said, adding that Mrs. Schaffer gave her personal check to cover the loss, on condition she was to be reimbursed if the money is recovered.

The examiners found the hospital pharmacy "well operated," but took exception to the loose handling of narcotics and the filling of prescriptions for hospital employees, written by physicians both in and outside the hospital.

They had a good report for the business manager, saying: "The record of Mr. McGinnis, business manager, in his effort to rehabilitate as much of Massillon State Hospital as was consistent with allotted funds, is quite comprehensive. . . . Excluding the patients' fund and past operations of the commissary the general affairs in the business office were found to be in fairly satisfactory condition. . . ."

The examiners made findings against Dr. Hyde totaling \$1,379.80. All involved patients' accounts.

Outpatients totaled 6,543 and emergency patients, 2,482. The average length of stay of patients was 6.4 days.

Laboratory procedures at City Hospital last year totaled 55,427. X-ray procedures were 25,535 and surgical 1,579.

The maternity report showed 931 births, 14 of them stillbirths. There were 15 sets of twins born.

negotiations between the French government and the provisional government of the Algerian republic for independence in the framework for total decolonization."

They also reaffirmed their determination to build the "Grand Maghreb." This is the Arabic expression for a political and economic grouping of North Africa. The world maghreb means far west, in this case the far west of the Arab world.

GARAGE WINDOW BROKEN

Mary A. Redinger of 1872 E. State St. reported to police this morning that someone broke a large window in her garage Wednesday night.

LICENSE TAGS ANYONE? — Some of the 10,000 sets of Ohio motor vehicle license tags to be issued this year by the Columbiana County Automobile Club here were ready for distribution Wednesday by two of the club's office staff, Della Carr (left) and Charlotte McCloskey. The deadline is April 1.

Mt. Union Sends Bell to Borneo

ALLIANCE, Ohio (AP)—Cecil T. Stewart, head of the department of music at Mount Union College, is sending the people of Bewang Assan in British Borneo a bell for their church.

Stewart visited the jungle village of the former head-hunting tribe on his trip around the world in 1958. While recording the Christian natives' music, favorite songs and bells, he discovered their desire for a church bell.

Bishop Hazen G. Werner of the Ohio Area of the Methodist Church had sent them a bell several years ago, but it was cracked in transit.

Stewart spent nearly two years looking for a bell and finally got results when he mentioned his search while attending a Methodist conference session at Jumanville, Pa., last September.

A former school bell, provided by the Rev. William Gaskill of Grindstone, Pa., was given a coat of paint and packed in a crate built by the college maintenance crew.

Stewart also has sent tapes of selections by the Mount Union College Choir to the people of Bewang Assan, which they play on a tape recorder provided by missionaries.

degrees on the 24th and a low of 10 below Feb. 2, the observer said. And he added, "if March continues in the same pattern we will have a couple of more cold spells, with the month being above average in temperature and an early Spring.

"Winter wheat looks good on the farms, and although the ground is soaked we need more rainfall. The weather has been ideal for the sugar camps."

Wetzell Bill Would Halt Cemetery Practice

By Salem News Correspondent

COLUMBUS—State Representative Clarence L. Wetzell, R-Columbiana, introduced a bill in the General Assembly today to prohibit the operation of funeral establishments on cemetery property.

It is aimed at cemeteries which construct funeral chapels on their land and hire licensed funeral directors to operate them.

Since most cemeteries are operated by non-profit corporations, this practice is considered a violation of their non-profit charter.

The state funeral directors licensing board already has a rule against such operations. Wetzell said his aim is to give statutory authority to the board in enforcing the regulations.

Woman Injured In Intersection Crash

Rose Smith, 49, of 194 Park Ave. was treated for an injured left arm by a local physician following a two-car accident in which she was involved at the intersection of S. Union Ave. and Pershing St. at 1:25 p.m. Wednesday.

Police said Smith pulled her eastbound car into the intersection into the path of a southbound auto being operated by Rev. Richard Freeman of 595 N. Union Ave.

Mrs. Smith was cited by police for failure to yield the right of way and fined \$10 and costs by Mayor Cramer. Minor damage was sustained by both cars, police said.

YOUTH BITTEN BY DOG

James Joy, 17, of 225 W. State St., reported to police Wednesday afternoon that a dog bit him on the left leg while he walked near W. Pershing St. He was treated at the Central Clinic, Fred Bell Jr. of 162 W. Pershing St., owner of the dog, was told by police to keep the dog tied and under observation.

Winona Ruritans, North Georgetown Join For Meeting

North Georgetown Ruritan Club members were guests at the Winona Ruritan Club meeting Tuesday evening at Willow Grove Grange. There were 49 members and guests present, including two from the Damascus and Greenford Clubs.

Fred Drotleff was welcomed as a new member of the Winona Club. After the business session, reports were given by delegates to the recent national convention in Washington, D.C., Ralph Snyder and Earl Fitzmiller of the North Georgetown Club, and Franklin Henderson of the Winona Club, who also showed slides of the convention.

James Baxter of Greenford, Ohio District Governor, presented past presidents' pins to Lee Vincent and John Rudeback, 1960 and 1959 presidents of the Winona club, respectively.

Salem businessmen will be entertained at the March 28 meeting at the Winona Methodist Church.

Children

(Continued From Page One)

The Dudleys kept on driving east and south, and, police said, waited until about Jan. 1 to dispose of the boys' bodies. Then they wrapped them in blankets, weighted the human cargo, and tossed the dead boys into Lake Pontchartrain in Louisiana.

Then There Were Three

Debbie, 3, was next-to-youngest of the children, and the next to go. She died at Gary, W. Va., May 21, 1960. Six days later, Dudley wrapped her body in a blanket and left it in the woods off a highway near Jenkins, Ky.

At Gary, authorities said they would launch an investigation into Debbie's death. The McDowell County prosecuting attorney, Harry S. Camper, said a carnival played in a baseball park at Gary last May.

Then there were two.

With Carol Ann's death last month, only one: Christine, 2½. Christine was with the Dudleys when they were arrested Feb. 10 at Fuquay Springs, N. C., a day after the discovery of Carol Ann's body. She seems in good health and is now in a foster home in Lawrenceville, under care of the Brunswick County Welfare Department.

Parents Are Jailed

Mrs. Dudley, a frightened-looking woman with black hair, is in jail in Lawrenceville. Her husband—wiry, dark-haired, bespectacled—is in the State Penitentiary in Richmond, where he was transferred recently after attempting suicide.

Warrants charging the Dudleys with murder were dispatched to

Brunswick County police by the commonwealth's attorney of Hanover County, Leslie Campbell. The couple first, however, must await disposition of the Brunswick County charges of neglect by County Court.

The Dudleys, married in 1934, are known to have had 10 children. Christine and two married daughters who live in Fayetteville, N. Y., are all who now survive.

One child, Edward, born to the couple in 1937, died when three months old. Another born in 1941, Kenneth Jr., died in New York in 1947. Dudley served a prison term for burying him illegally.

Three Are Conveyed To Lima Hospital

LISBON — Sheriff Russell J. VanFossan and Deputy Howard Gray today conveyed Raymond G. Campbell, 25, of East Liverpool, David Dewayne Petty, 21, of Wells-ville and John Jacob Fife, 35, of Youngstown, formerly of Salem, to Lima State Hospital for observation.

Campbell pleaded not guilty to second degree murder by reason of insanity in the shooting of his wife, Doris May Campbell, 22, at their home Nov. 28.

Petty and Fife, both pleaded guilty of sodomy.

PROGRAM PLANNED

LISBON — A program on "New Fabrics" will be presented at the meeting of the Fairfield Group No. 3 Home Demonstration Club Wednesday at 1 p.m. at the home of Mrs. Eugene Hanna, 516 S. Main St., Columbiana. Miss Julia Shank, county extension agent in home economics, will be the leader. Members are asked to bring labels from recently purchased clothing.

Don Davidson's 32 Points Carry Salem Past Brookfield

Quakers to Meet Struthers in Finals

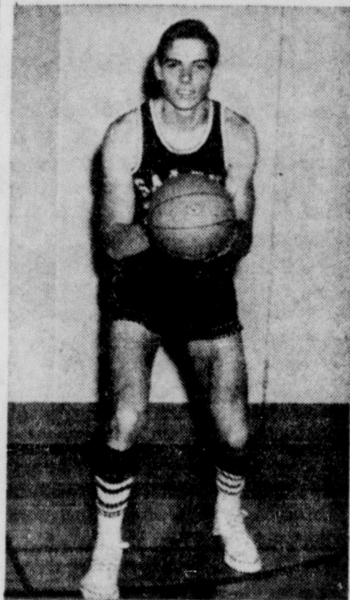

Locals Hard-Pressed for 54-47 Win; Sloppy Ball-Handling Almost Costly

By DICK BRAUTIGAM

You can add last night's performance by Don Davidson to your list of all-time truly great individual efforts by Salem High athletes.

Thanks to a classy 32-point exhibition by this 6-5 All-Ohio candidate, the Salem Quakers and not the Brookfield Warriors will be playing in the finals of the Struthers Class AA basketball tournament Friday night against the Struthers Wildcats.

The Quakers turned in a far from impressive 54-47 victory over a small Brookfield quintet which

DON DAVIDSON
His 32 Points Pulled It Out

notched 11 points before fouling out.

Brookfield lost one other man on fouls. Jim Richmond the Warriors' tallest player at 6-0, fouled out late in the fourth quarter after collecting only two points.

In spite of the fine shooting exhibitions by Davidson, Kurtz and Brest, neither team came up with too hot a shooting percentage. Salem made 20 of 51 shots from the floor for 39.2 per cent while Brookfield hit 19 of 55 attempts for 34.5 per cent.

From the foul line, Salem was 14 for 20 and Brookfield 9 for 18. Davidson dazzled the fans with his assortment of hooks, long one-handers, drives, rebound shots and behind-the-back dribbling.

THE WARRIORS, with their great height disadvantage, chose to slow the game down and play for one good shot. They did very little driving, and instead set up Brest, Kurtz and Leo August for their outside shots. While Brest and Kurtz were hot, August had a tough time finding the mark.

Brookfield didn't fare too badly in rebounding off its own board as most of the Warriors' long jump shots which missed bounced hard off the hoop out where the little men had a chance to come up with the ball.

Salem's ball handling last night was erratic and at times — downright sloppy. Missed connections on passes broke up just about every fast break the Quakers tried.

Most observers who watched Salem against Brookfield and then stayed to see Struthers crush Youngstown South, 74-55, would probably agree that as a team the Wildcats looked much better last night than did the Quakers.

Struthers is big, strong and last night appeared to have fine balance. All five of their starters scored in double figures against South. Struthers now has a 17-3 record while Salem is 15-4. Brookfield bowed out with a 9-11 mark. The Warriors had won their first tournament game from Boardman before running into Salem.

THE QUAKERS should be a better club Friday if Bob Eskay can recover enough from his recent attack of blood poisoning to go full tilt.

Coach John Cabas was hoping last night that he wouldn't need to use the little junior. However, Eskay was pressed into action with 4:24 remaining in the third quarter when it was apparent that Brookfield was not going to knuckle under as easily as expected.

Eskay wasn't able to contribute much to the Salem attack. He missed all five of his field goal attempts.

Junior Gary Jeffries started in place of Eskay. Jeffries got only two shots at the hoop and missed both of them. Junior Allen Ewing was Salem's most successful substitute last night, scoring four points.

Officials for the Salem game were Mike Maro and Red Angelo. Ralph Robinette and Paul Hoskins worked the Struthers-South fray.

The crowd at last night's two games was larger than the three previous nights of tourney action put together. Previous crowds had ranged from 500 to 1,400. The Struthers Field House seats be-

AP Names Ohio State's Lucas College Cage Player of Year

By TED MEIER

NEW YORK (AP) — Jerry Lucas, of Ohio State's top-ranked and unbeaten Buckeyes, is college basketball's player of the year.

His selection, announced today by The Associated Press, provided a double honor within a few hours for the 6-8 whiz, who is expected to lead the Buckeyes to their second straight national collegiate (NCAA) championship later this month.

Earlier, Lucas had been named to the 1961 College All-America by The Associated Press along with Tom Stith of St. Bonaventure, Terry Dischinger of Purdue, Roger Kaiser of Georgia Tech and Chet Walker of Bradley.

Lucas dominated the voting by 395 sportswriters and broadcast-

ers from every section of the United States. He missed by only 13 points of getting the maximum 1,975 points based on five points for each first team vote. He received 392 first team votes for 1,960 points. This, plus two points for a second team vote, gave him a grand total of 1,962 points. Only two voters failed to mention him on their ballot.

Lucas, a junior and the only repeater from the 1960 All-America, was followed in the voting by Stith, a 6-5 senior whose play has made St. Bonaventure a national power. Stith polled 358 first team votes and an over-all total of 1,848.

Dischinger, a 6-7 junior, received 280 first team votes and 1,540 points. Kaiser, a senior and

at 6-1 the smallest player on the first team, got 133 first team votes and 894 points. Walker, a 6-6 junior, polled 807 points, including 109 firsts.

Walt Bellamy of Indiana, Tony Jackson of St. Johns (N. Y.), Frank Burgess of Gonzaga, Billy McGill of Utah and Doug Moe of North Carolina were named to the second team. Art Heyman of Duke, John Larese of North Carolina, John Rudometkin of Southern California and John Havlicek and Larry Siegfried of Ohio State comprise the third team.

The 15 players on the first three teams will receive certificates from the Associated Press. In addition, Lucas will receive a special certificate as player of the year.

Scoring Title Up for Grabs

Burgess Holds NCAA Lead Over Chilton

By The Associated Press

The closest scoring race since official NCAA statistics have been kept should be decided Friday night when Gonzaga plays Idaho.

Gonzaga's Frank Burgess must score 31 points to retain the almost invisible lead he now holds over Tom Chilton of East Tennessee State in the race for major college individual honors.

Figures issued today by the NCAA Service Bureau and including games of Tuesday, Feb. 28, show Burgess with a 32.2 points per game average and Chilton, who has ended his season, with 32.12. An even 31 points Friday would bring Burgess down to 32.15.

There's an outside chance that All-America Tom Stith of St. Bonaventure could overhaul the two top men through an outstanding performance in the National Collegiate championship tournament. Stith has a 30.2 point average, so he'd have to hit about 40 points a game to reach the top. Tournament performances are included in the regular season statistics.

The contests for top spots in other departments of individual skill are close, too. These tabulations, through Feb. 25, show Larry Siegfried of Ohio State and Denny Strickland of Oregon tied in free throw percentage with .889; Jerry Lucas of Ohio State the barest shade ahead of Nate Thurmond of Bowling Green—1952 to 1946—in rebound recovery percentage and Red Boyer of Lafayette leading Lucas by a .656 to .625 in field goal percentage.

Between 3,100 and 3,700 and there didn't look to be many vacant seats last night.

There will be two Columbiana County teams in the finals Friday. East Palestine will tangle with Campbell Memorial in the 7:30 opener before Salem does battle with Struthers at 9 p.m.

Blasts Toronto, 71-49

Wellsville Advances At East Liverpool

Wellsville moved into the finals of the East Liverpool Class AA sectional basketball tournament last night by pinning a 71-49 defeat on Toronto.

The Tigers will meet the winner of tonight's clash between top-seeded East Liverpool and Steubenville Central Catholic.

Central Catholic bumped off Jefferson Union in its first tournament tilt. This will be the Potters' tourney debut.

Bob Kiggins, 6-4 senior, was the big gun for Wellsville last night, tossing in 33 points on 12 fielders and nine free throws. The only other Wellsville player in double figures was Phil Baldwin who tallied 14 markers.

Kiggins now has 49 points in two tournament games and 394 for the season.

Toronto was led by Tom Coulter, a good looking freshman prospect, who popped in 16 points.

Wellsville has scored 71 points in each of its two impressive tournament games. The Tigers whipped Steubenville Big Red, 71-62 in their other start.

Wellsville's record now stands at 12-7.

Tickets Available Here For Struthers Game

Fans who held season tickets to the Salem High home basketball games will once again have first crack at the limited number of tickets on sale at Heddleston's Pharmacy and Fisher's News Agency for the Quakers' tournament game Friday night against Struthers at the Struthers Field House.

Tickets are on sale now for season ticket holders. Any left over will be put on sale to the general public at noon Friday. A sellout is expected at Struthers Friday.

battled the highly-rated Salem team right down to the final buzzer.

Salem managed to maintain quarter leads of 11-8, 26-21 and 39-33, but Brookfield came within one point of catching the Quakers as late as the middle of the fourth quarter.

DAVIDSON and 6-5 Ted Thorne of Salem duelled Butch Brest and Ron Kurtz of Brookfield in the first quarter with the Quakers moving out to an 11-8 lead.

In the second quarter, with Davidson hooping 11 of Salem's 15 points, the Quakers moved on top, 26-21, by intermission.

Salem led throughout most of the first half. A pair of free throws by Kurtz knotted the count at 17-all with 4:04 left in the half.

Led by the brilliant play of Davidson, Salem then tallied nine straight points to take a 26-17 advantage.

Of Salem's 26 points in the first half, Davidson had 15 of them and Thorne 8. A fielder by Sophomore Bill Beery and a foul by Tod Couchie were the only other Salem points recorded in the first two quarters of action.

Brest and Kurtz, a slick pair of 5-10 guards, gunned in 10 points apiece for Brookfield in the first half. Most of their points came on long jump shots.

However, Brest picked up four personals in the first half. He lasted just 4:27 in the third quarter before he fouled out. Instead of folding after the loss of one of their two stars, the Warriors fought even harder.

SALEM LED 31-29 when Brest fouled out. Three quick baskets by that man Davidson again hiked Salem's advantage to 33-31 before Brookfield started coming back.

Kurtz kept jumping in his long ones and finally cut Salem's lead to 40-39 with 4:34 left in the game. However, it was Davidson once again who rallied the Quakers, who refused to choke in the clutch and made no effort to freeze the ball in the final minutes.

The 32 points Davidson tossed in last night equaled his previous high recorded in Salem's 85-65 victory over Warren Harding. Thorne, the only other Quaker in double figures, had 10 markers.

Kurtz of Brookfield wound up his night's work with 26 points. His running partner at guard, Brest,

Hot College Prospect

Tom Messenger

One of the highly regarded high school athletes in the area drawing considerable attention from college recruiters is Tom Messenger of Fairfield-Waterford.

Tom was a starter on Coach Bing Newton's varsity basketball team which rang up an impressive 14-4 season's record. A six-foot forward, Tom was the Rebels' leading scorer throughout the first half of the season.

Fairfield-Waterford copped nine of its first 10 games before Messenger sprained an ankle in a fray against Greenford and saw only limited action for most of the remainder of the season.

In spite of his success in basketball, it is his demonstrated ability in football togs that has attracted scouts from such colleges as Kent State, Bowling Green and Miami.

Messenger, a fine ball-handling quarterback, guided Coach Bruce Weber's grid squad to a 6-3 record last season. The 165-pound senior speedster, tabbed as an excellent passer, was the fastest man on the football squad.

Messenger was a second team choice on the All-Inter County League football squad last season.

Tom hasn't gotten the buildup that some of the athletes from larger schools have but those who have seen him perform rate him as a top college prospect.

Dayton, Detroit Tune Up For NIT

By The Associated Press

Dayton and Detroit warmed up Wednesday night for their upcoming competition in the National Invitation Basketball Tournament by posting easy victories over northwestern Ohio's Big Two.

Dayton turned on a 51-point second half scoring spree to sweep past Toledo 83-60, and Detroit on the 34-point effort of Dave De-

Busschere humbled Bowling Green 97-76.

Bill Cramsey led the Dayton scoring with 25 points, 19 of them in the Flyers' big second half. The Toledo man-for-man defense hampered Dayton (19-6) in the first half but the Flyers found the range after the intermission. Toledo, with one game left on its schedule, is 15-7.

Bowling Green (10-14) wound up its season in the onslaught at Detroit. The Falcons, trailing 52-41 at halftime, got caught in a torrid Detroit shooting spree that saw the Titans run their lead to 74-47 in the first 7 1/2 minutes of the second half. BG's 6-10 Nate Thurmond and the 6-5 DeBusschere, No. 2 and No. 3 behind Ohio State's Jerry Lucas in the national rebounding statics, had a hot battle in that department. Thurmond hauled down 22 and DeBusschere 20.

Only two other games were on the Buckeye cage card.

Kent State held off a last minute surge by Marshall to pick up an 83-81 victory in the Mid-American Conference. It was the final game for both teams—Kent finished with a 4-8 loop record and 9-13 over-all Marshall is 5-7 in the conference and 10-12 for the season.

Case Tech clinched at least a tie for the Presidents' Conference crown, whipping John Carroll 93-69. The Scientists are 9-2 in the conference, second place Washington & Jefferson is 8-3 and both teams have one loop game remaining.

Hawks Use 'Yoho' To Trip Celts 110-97

BOSTON (AP) — One way to beat the Boston Celtics—and there aren't many—involves the yoyo.

That was the formula St. Louis Hawks' Coach Paul Seymour used in Wednesday night's 110-97 triumph over the defending National Basketball Association champions.

But it didn't stop the Celtics from clinching their fifth straight Eastern Division crown. They backed into it when Syracuse whipped Philadelphia 149-128, making it mathematically impossible for the Warriors to catch up. Wilt Chamberlain got 56 points in the losing cause.

"I told the players before the game that I was going to have the yoyo out," Seymour said.

He explained that he meant the Hawks had to slow the game as much as possible, and they were required to pass at least eight times before taking a shot. If they violated the rule, out they come.

Los Angeles increased its second-place lead in the Western Division to 1 1/2 games by blasting New York 144-107 in the first half of the Boston Garden doubleheader.

Oscar Robertson hit for 37 points and Arlen Bockhorn for 36 as Cincinnati dropped Detroit 137-122 and moved to within one half game of the Pistons in the fight for the Western Division playoff spot.

GRID COACH RESIGNS

LORAIN, Ohio (AP) — Chuck Wilson, head football coach for two years at Firelands High School in nearby Henrietta, resigned Wednesday. His teams had a 2-15-1 record.

Dayton Dunbar is one of the two teams which defeated defending state champion Dayton Roosevelt this year.

The Quakers will play six of their 18 games on foreign courts. Salem had 12 home games and only four road tilts this season.

Road appearances will be at Girard, Ravenna, Wellsville, Youngstown South, Niles and Boardman.

Fullmer Camp Confident of Keeping Title

LAS VEGAS, Nev. (AP)—Sugar Ray Robinson couldn't knock out Gene Fullmer with his best punch. Fullmer's manager declared today.

"It may be a little dangerous to say that," Marv Jensen admitted, "but Gene has lost respect for Robinson's punches."

Jensen might have been thinking of a previous occasion, on which such a loss of respect resulted in a loss of consciousness for the bullish champion from Utah.

"Yeah, that's what happened when Ray knocked Gene out in Chicago in 1957," Jensen said. "But Gene feels that was a lucky punch, because he was moving in fast and supplied a lot of force himself."

Whether Jensen's theory stands up depends simply on whether Fullmer stays standing up Saturday night when he defends his NBA middleweight title against the 40-year-old challenger at Las Vegas Convention Center.

When Robinson and Fullmer fought to a 15-round draw in Los Angeles last December, Jensen said, Robinson nailed Gene with some magnificent punches in the fourth and eleventh rounds. "I think Robinson shot everything he had," Jensen said, "and Gene wasn't even dazed."

"This time he really wants to get in there and trade punches."

St. Louis Qualifies 5 for Gloves Title

CHICAGO (AP)—St. Louis is making the strongest bid for the Golden Gloves team championship, qualifying five fighters for the semifinals next Wednesday and topping the point total with 14.

The 14 points—one for each bout won in the three nights of action—gave St. Louis an edge of two over Louisville.

Bunched at 11 were defending champion Cincinnati, Denver, Chicago, and Fort Worth.

The finals also will be held at the Stadium Wednesday, after which a squad will be selected to represent Chicago in the inter-city bouts with New York here March 29.

All of the strong favorites advanced Wednesday night, but not without difficulty.

Featherweight George Foster of Cincinnati, national AAU titlist, defeated J. W. Jackson, Grand Rapids. Middleweight Leotis Martin of Toledo, the only defending champion in the field, pounded out a decision over Jim Ross, Cincinnati.

3 Buckeyes Among Top 13 In Big Ten Scoring Race

CHICAGO (AP)—Ohio State today has three regulars among the top 13 in individual basketball scoring, and the Buckeyes lead the Big Ten in team scoring and are second in defense. Statistics released by the Big

Ten office today showed that team balance and remarkable shooting accuracy have prodded the Buckeyes to at least a tie for their second consecutive conference championship. Ohio State, with a 12-0 league record—has

been hitting on 50.2 per cent of all floor shots. Another season record may go to OSU's Larry Siegfried. He has been sinking 92.6 per cent of his free throws which is enough to surpass the old mark of 92 per cent set by Indiana's Sam Gee in 1958.

Purdue's Terry Dischinger, with 87 points scored in his last two conference games, appears a cinch to chalk up his second straight individual scoring crown. His seasonal average is 29.5 points a game. The Big Ten record is

32.5 points a game by Robin Freeman of Ohio State in 1956.

Dischinger's first place total in a dozen games is 354 points. Runnerup Jerry Lucas of Ohio State has 295 for a 24.6 average. Lucas leads in individual rebounds with 16.5 per game.

NELSON SIGNS CONTRACT DENVER (AP)—Idaho halfback Theron Nelsen, from Defiance, Ohio, has signed with the Denver Broncos of the American Football League.

Duquesne Upsets St. Bonaventure, 79-74

Ohio State's Top Rival For National Title Loses 2 In Row

By HUGH FULLERTON JR.

Two basketball tournaments whose winners figure to be among the leading contenders for the National Collegiate Championship begin today and the results could confuse the issue as much as what's been happening to the St. Bonaventure team lately.

St. Bonaventure, beaten only by Ohio State in its first 22 games this season and ranked second nationally, was the first to accept an at-large invitation to the NCAA tournament. The Bonnies figured they could beat the mighty Buck-

eyes if given a second chance. So did a lot of impartial observers.

Then they ran into a couple of teams that were eager for bids to the National Invitation Tournament and pinned their hopes on one big victory. It was Niagara 87, St. Bonaventure 77 last Saturday. And Wednesday night an undermanned but fired up Duquesne team, playing without a substitution, conquered the Bonnies 79-74 in overtime. Now it's hard to figure who fits in where in the tournament picture.

The Atlantic Coast and Southern Conference Tournaments—starting today could blur the scene a bit more. West Virginia, ranked eighth nationally in the Associated Press poll, is favored to win its seventh straight Southern title. Duke, No. 9, is seeded second but a slight favorite in the ACC event.

The windup of the Southwest Conference season tonight should produce another NCAA tournament entry. Texas Tech (10-3) can win the title by beating Texas. Otherwise the winner of the Texas A&M-Arkansas game will tie. Each has a 9.4 conference record.

Tournament-bound and tournament-hopeful teams dominated the rest of Wednesday night's major program.

Holy Cross, seeking the same

NIT berth that Duquesne wants, rang up its eighth straight victory, downing Boston College 87-74.

Western Kentucky, second in the Ohio Valley Conference, beat NCAA-bound Louisville 96-80.

Elsewhere Notre Dame ended a rare losing season with a 61-54 victory over Creighton; Colgate downed Connecticut for the first time in four years 83-71; Carnegie Tech downed Penn State 70-57; Seton Hall overpowered Scranton 94-82; Lehigh beat Rutgers 70-66; and the Air Force edged Regis 67-64.

Gary Player Lauds Palmer

Both Enter Tourney At New Orleans

NEW ORLEANS (AP) — South Africa's Gary Player, who qualifies as a shrewd appraiser of golf talent, labels Arnold Palmer "the greatest golfer in the world" and the big Pennsylvanian was out to substantiate this judgment today in the opening round of the \$30,000 Greater New Orleans Invitational.

There was little discord of opinion that the 31-year-old Palmer, winner of three tournaments on the budding winter tour, was the man to beat. His seven-stroke victory in the Baton Rouge Open that ended Sunday was a pretty convincing factor.

Despite Player's glowing description and Palmer's recent successes, he won't suffer from the lack of competition.

Player, former British Open champion and currently the leading money winner on the tour with earnings of better than \$16,000, will be among the leading contenders.

Dow Finsterwald of Tequesta, Fla., returns to defend his title over the 6,900-yard, par 72 City Park No. 1 course.

Other top challengers include Bob Gohlby of Crystal River, Fla., and Bill Collins, another Crystal River player who won the New Orleans in 1959; Doug Sanders of Ojai, Calif.; and Ken Venturi, who lost the 1958 New Orleans in a sudden death playoff to Billy Casper.

The 18-hole final round of the four-day tournament will be played Sunday.

BOWLING

Thirteen bowlers in the Ladies Commercial League at Timberlanes cracked the 500 mark in series scores last night.

Oliver Ramsey led the way with a scorching 591-243. She was trailed by Janet Gabriel, 563-227; Ann DeJane, 538-189-181; Eria Burrier, 530-180; Ethel Bricker, 527-181; Wanda Wilson, 530-200; Ruth May, 526; June Kennedy, 514-196; Dorothy Vogelhuber, 510-192; Barbara Dickey, 509-195; Lois Longanecker, 506-191; Milly Kline, 503-183; Jo Crawford, 501-184; Doris Park, 499-192; and Min Spear, 499-181.

Benton Auto Wrecking paced the team totals in the Men's Quaker City Independent League with a 2336-871.

Don McCoy rolled a 532; Jack Lottman, 510; and Jack Stallsmith, 500.

In the classy Classic League at Saxon Lanes, Hank Dermotta banged home a 619-223-204 and Walt Elewick carded a 245 high single game enroute to a 571 series.

Other top scores included Ron Shaffer, 603-222; Joe Batyski, 592-219-203; and George Mitchell, 590. Freddie Tavern led the team scoring with a 2857-961.

Mike Ulitchney's 607-202-227 was high in the E. W. Bliss Day Turn League. Frank Dowd had a 599-231; Ray Eddy, 578-203-200; Dick Jackson, 569-206; and John Fridon, 558. Rupp's 265 single game was the best of the night. He had a 590 series.

In team scoring, Machine Shop No. 2 recorded a 2872-935 and Nite Turn had a 2719-80.

Ed Westphal with a 607-226-202 was the top individual scorer in the Bliss Nite Turn League. C. Senior was runner-up with a 574.

Team honors went to the Gophers who carded a 2756-986.

Wins Opening Match Wednesday

Barbara McIntire Favored

In Florida Golf Tournament

ST. AUGUSTINE, Fla. (AP)—Barbara McIntire is heavily favored in her second round match in the Florida East Coast Women's Amateur Golf Tournament today.

Miss McIntire, former National Amateur women's champion and current British Women's champion from Lake Park, Fla., won her opening match Wednesday over Mrs. Walter Thomas of Cincinnati, 8 and 7.

In the qualifying round Tuesday, Miss McIntire won medal honors with 73, two over men's par for the 6,545-yard Ponce de Leon course. Her second-round foe, Mrs. Charles Sayles of Hackensack, N. J., defeated Mrs. Shepherd Merrill of Daytona Beach 3 and 1 in the first round.

Judy Bell of Wichita, Kan., the defending champion, faced Mrs. Maurice Glick of Baltimore in the second round.

A Word From...
THERON'S
OLD COUNTRY STORE

Columbiana-Lisbon Road

Out here at the Old Country Store you will always see something different. Right now we are working on a truck which we are fixing up like an old covered wagon. It will be several weeks before it's done, we think it will fit in with our old country store theme. If you see something strange coming at you on the highway, it might well be our old covered wagon — (or should we say truck?)
